

Our thoughts and prayers are with you and your congregation during this time of crisis. As previously announced, our FIM meetings are postponed until further notice; however, our work hasn't stopped. We are diligently helping families, collecting donations, communicating with foster care agencies, and guiding families in the process to foster. Sadly, children are still being removed from their homes, so our work doesn't stop. With your partnership, FIM continues to serve the children and families in need.

Families Answering The Call!

We had an unprecedented number of families respond to our foster care presentations. Since January, 107 families have said YES to learning more about the foster care process. Many families are now beginning their foster journey. Our Faith in Motion Manager Irene has been busy conducting online Q&A's on fostering. For those families willing to proceed, she is directing them to several foster family agencies who have established online orientations and training sessions making the process achievable while at home. We are blessed and encouraged by these families taking the next step to open their home to a child in need especially during these uncertain times.

Give Love Drive

A big thank you to all who participated in our ***Give Love*** Drive. Your investment and partnership is a blessing. Together, we are able to support children and families in foster care and help prevent more children from entering the system.

Because of your generosity, the following items were collected: **84 pieces of luggage, 73 sets of twin bedding, 39 blankets, 12 pillowcases, and 183 cuddly, stuffed animals.** This drive could not have come at a better time considering the state of our country and the uncertainties our children in foster care are facing. The items you collected will bring much comfort, love and a feeling of safety to our precious children.

We look forward to when the Faith in Motion meetings will resume so that we can fellowship and pray together and greet the new pastors who wish to join us. Thank you for your continued partnership as we work together to make a difference in the lives of children in foster care.
